Sir:

In response to the Restriction Requirement of June 5, 2008 in the subject U.S. patent application, applicant selects to prosecute, in this application, the invention or group of inventions identified by the Examiner as Group 8, claims 42 and 55-57, as amended by the present Amendment. Applicant expressly reserves the right to file one or more divisional patent applications directed to the inventions or groups of inventions not selected for prosecution in the subject application. It is requested that the claims now pending in the application, as presented in the Preliminary Amendment filed with the application, be amended, prior to an examination of the application on the merits, as follows.
